Prudentia (NZ)

Quarterly Investor Report

TRAINER · WEXFORD STABLES
REPORTING PERIOD · 1 JAN – 30 JUN 2026

LEASE CONTRACT TERM
JANUARY 2026 · JUNE 2027

About this report

This quarterly investor report is issued by Evolution Stables in partnership with Tokinvest FZCO for holders of Prudentia (NZ) digital tokens (Asset ID 10). It forms part of the ongoing reporting obligations under the syndication agreement and is published each calendar quarter.

The report covers race performance, prize money earned, the calculation of investor re- turns through the syndication structure, and the distribution carried out by Tokinvest. Stakes earned in the final month of the quarter are carried forward to the next distribution cycle, as settlement from New Zealand Thoroughbred Racing occurs after the distribution date.

This document is confidential and intended solely for Prudentia token holders. It is co-published by Evolution Stables, an Authorised NZTR Syndicator, and Tokinvest FZCO, licensed by the Dubai Virtual Assets Regulatory Authority (VARA).

Campaign Review: Prudentia · Q1/Q2 2026

Prudentia joined the Evolution Stables team coming off a spell after her previous campaign. Manager and Owner Kylie Bax, together with the team at Wexford Stables under Lance O'Sullivan and Andrew Scott, have brought her into the strong form we are now seeing.

THE JOURNEY

The campaign opened at Tauranga on 14 March with a fifth in Rating 65 company — a solid resumption.

Four weeks later at Te Rapa she produced the standout performance of the campaign: from midfield under Masa Hashizume she delivered a gritty come-from-behind win over 1300m on Heavy9, taking the Rating 65 by a neck and earning a five-point rating rise. It was her first win for Evolution Stables on the Tokinvest platform and proved she can dig in when the ground turns testing.

She was stepped straight into Rating 75 and answered immediately with a close third on debut over 1400m at Te Rapa on 2 May. A sprint over 1200m on 30 May saw her pocketed along the rail for a gutsy fifth — the margin understated the effort. The campaign closed at Tauranga on 27 June on a heavy, sticky surface that did not suit her running style, finishing an honest sixth.

She placed in two of her five starts, including a win, and made a rapid step up from Rating 65 to Rating 75 — placing third on debut at the higher grade. Full stakes and distribution details are in the financial summary.

Class Progression

Graduated from BM65 to BM75 and placed third on debut at the higher grade — competitive immediately against stronger fields.

RACE-BY-RACE

14 Mar 2026	Tauranga	1400m	R65		5th
17 Apr 2026	Te Rapa	1300m	R65		1st
2 May 2026	Te Rapa	1400m	R75		3rd
30 May 2026	Te Rapa	1200m	R75		5th
27 Jun 2026	Tauranga	1400m	R75		6th

LOOKING AHEAD

The stable will consolidate at Rating 75, targeting 1400m–1600m races that suit her running style through the winter programme. Evolution Stables will continue to provide performance updates between quarterly reports. The next full financial summary and distribution is scheduled for Q3 2026.

Feature Performance

Decisive Te Rapa win on 17 April under Masa Hashizume, who produced a well-timed ride from midfield to get the mare home by a neck on the Heavy9 track. It was the standout performance of the campaign and the one that funded this first distribution to token holders.

Financial summary

1 January – 30 June 2026

Prudentia ran in five stakes races during this reporting period and earned total gross stakes of \$25,675 NZD. These are the official net amounts paid out by New Zealand Thoroughbred Racing and represent full (100%) ownership earnings.

STAKES EARNED – FULL PERIOD

Date	Venue	Finish	Stakes (NZD)	Notes
