

Data Privacy Policy

1. OVERVIEW

This Privacy Policy outlines the protocols and measures we employ to protect personal data, with a focus on access management, secure storage, data handling, and compliance monitoring. This includes the collection of your Personal Data through the website and extends to our various affiliated companies globally.

Ctrl Alt Solutions DMCC (**Ctrl Alt**) has been established in the UAE as a Virtual Asset Service Provider (**VASP**). Ctrl Alt is a Free Zone Company under licence from VARA.

The primary regulation in the UAE governing data privacy is known as the PDPL or the Federal Decree by Law No 45 of 2021 Concerning the Protection of Personal Data.

Data protection and data privacy at Ctrl Alt are overseen by the Data Protection Officer (DPO). Their responsibilities include:

- Ensuring compliance with data protection laws and regulations.
- Developing and implementing data protection policies and procedures.
- Overseeing the processing of personal data to ensure compliance with relevant laws.
- Ensuring data subjects can exercise their rights under data protection laws.
- Developing and implementing a data breach response plan.
- Notifying regulatory authorities and affected individuals in the event of a data breach.
- Providing regular training on data protection for employees.

2. ACCEPTANCE OF THE PRIVACY POLICY

This Privacy Policy applies to all sites under the Ctrl-Alt.co domain. If a client does not agree or accept any of the aspects of this Privacy Policy, the client must not access or create an account provided by Ctrl Alt. By accessing and using Ctrl Alt's services, the client signifies acceptance of the terms of this Privacy Policy. Where Ctrl Alt requires a client's consent to process their personal information, Ctrl Alt will ask for the client's consent to the collection, use, and disclosure of their personal information.

3. CHANGES TO THE PRIVACY POLICY

Ctrl Alt may from time to time amend this Privacy Policy. When the Privacy Policy is amended, Ctrl Alt will modify the date listed on the Agreement or notify clients of changes to the Privacy Policy via email or by means of a notice on our Services prior to the amendments becoming effective.

Ctrl Alt's Privacy Policy is reviewed regularly to ensure continuous compliance with regulations, changes to business operations and practices are taken into consideration, and changes to technologies. All client information held will be governed by Ctrl Alt's most recent Privacy Policy.

4. THE PERSONAL INFORMATION WE COLLECT

To open an account with Ctrl Alt, each client must initially provide their information to Ctrl Alt. Once the account has been created, each client must disclose personal information that will allow Ctrl Alt to assess the client's eligibility and comply with the relevant laws and the regulatory directives.

Examples of "Personal Data" which Ctrl Alt will collect and/or which you may provide Us include the following:

- a) Full Name;
- b) Email Address;
- c) Telephone Number;
- d) Proof of Identity (e.g., Passport/ID/Residency Visa);
- e) Self Portrait Photograph of the client holding their passport on the picture & main page;
- f) Bank Statement and/or Salary certificate to verify the source of funds;
- g) Bank details (e.g., Bank Name, Bank Account Holder Name, IBAN, Swift Code, Branch Address);
- h) Corporate details (such as legal name, registered address, registration number, details of shareholders and/or beneficial owners and including the owners' details);
- i) Proof of Address; and
- j) any other cryptocurrency wallet address/es or any related transaction details recorded by any blockchain on which the tokens are based or utilised.

Ctrl Alt will automatically collect the following non-personal information about each client:

- a) Location - IP address, referral website, login information, browser type, time zone, browser plug-in types and versions, operating system, and platform.
- b) Log Information - This information is generated through the client's use of Ctrl Alt's services. This includes device information, location information, system activity, internal information related to pages visited on the Ctrl Alt website including the full Uniform Resource Locators (URL), date and time of visit, page response times, length of visit on each page, page interaction information (clicks, scrolling, and mouse-overs) and download errors.
- c) Ctrl Alt may through third-party service providers, receive the following information:
- d) Client basic personal information such as name, address, and bank account details provided by the client's bank account or payment service provider.

- e) Anonymized or de-identified information about the client indicating how they found Ctrl Alt's website from advertising, analytics, and search information providers.
- f) Client background check information provided by identity verification companies to allow Ctrl Alt to analyse the client's digital identity for KYC onboarding, AML, sanctions screening, transaction monitoring, and fraud prevention.

Ctrl Alt will store client account information for a period of 8 years after account closure.

Ctrl-Alt will collect a wide range of information not only to be able to provide the services, but also to fulfil legal requirements regarding the obligation to identify the client, to monitor, combat and assess the risks of fraud, money laundering and financing terrorism. Therefore, if the data requested during the registration and verification process is not provided, or if the data provided proves to be false or inaccurate, or if the client objects to its processing, Ctrl-Alt will not be able to continue to provide its services to the client.

- Ctrl Alt's processing of personal data will comply, at all times, with the general principles within the PDPL. These are:
 - Processing shall be carried out in a fair, transparent and lawful manner.
 - Personal Data shall be collected for a specific and clear purpose.
 - Personal Data shall be sufficient and limited to what is necessary to carry out the purpose.
 - Personal Data shall be accurate and correct and shall be updated whenever necessary.
 - Incorrect Personal Data shall be deleted or corrected.
 - Personal Data shall be kept securely.
 - Personal Data shall not be kept after the purpose of its processing has been exhausted., unless it can be appropriately anonymised.

5. USE & DISCLOSURE OF YOUR PERSONAL INFORMATION

Through the collection of client information, Ctrl Alt aims to provide each client with a secure, efficient, and personalised experience. Ctrl Alt will only use and disclose each client's information as follows:

- a) Provide each client with an efficient, secure, and more personalised experience by analysing client website usage and associated statistics. This will aid Ctrl Alt in further enhancing the website's layout, content, and overall services.
- b) Provide each client with relevant notices and communication related to their use of Ctrl Alt's services.
- c) To execute client trades related to order fulfilment, trade settlement, and currency receipt and distribution.

- d) Enforce Ctrl Alt's Compliance and User Agreements which each client has agreed to be bound by either in writing or through the use of Ctrl Alt's services or otherwise set forth in this Privacy Policy.

Ctrl Alt will not use or sell any client information to profit organisations or to non-profits for non-monetary purposes.

Ctrl Alt may disclose client information as and when required by the regulator or by law to comply with any judicial process, court orders, subpoenas, or any other relevant regulatory authority. Ctrl Alt does this to comply with its legal obligations, investigate fraud, and to protect its interests and those of our clients.

In the case where Ctrl Alt changes its products or services or laws, clients might be notified of such changes. Ctrl Alt might have to process a client's personal information to send such notifications. Clients will continue to receive such information even when they have opted not to receive direct marketing information from Ctrl Alt.

6. DATA HANDLING & STORAGE

Ctrl Alt's operations are supported by a network of computers, servers, and other information technology infrastructure, which includes third-party service providers. By providing their information to Ctrl Alt, a client consents to transfer and store their information on third-party servers that are located in the UAE. Ctrl Alt may use third-party services to collect and store clients' personal information.

Storage and encryption methods will include.

6.1. Data Encryption

- **Encryption Standards:** Personal data is encrypted both at rest and in transit using industry-standard encryption protocols, such as AES-256 for data storage and TLS 1.2 or higher for data transmission.
- **Encryption Key Management:** Encryption keys are managed securely, with restricted access and regular key rotation to maintain data integrity.

6.2. Data Segmentation and Minimization

- **Data Segmentation:** Personal data is segmented to prevent unauthorised access and is stored separately from non-personal or de-identified data.
- **Data Minimization:** We collect only the minimum amount of personal data necessary to fulfil our services and ensure regulatory compliance.

6.3. Secure Data Handling Protocols

- **Data Handling Procedures:** Employees handling personal data follow strict procedures, including secure data transfer, controlled access to sensitive information, and mandatory adherence to our Data Privacy and Security Training.

- **Data Disposal:** Personal data that is no longer needed or is past retention requirements is securely disposed of through encrypted deletion methods or physical destruction for hard-copy data.

7. DATA OWNER RIGHTS

In this section, our use of “You” relates to the individual who is providing data to us.

7.1. Your legal rights

Under the provisions of the law, you are provided with the following rights in relation to the processing of your personal data. To exercise your rights under the law, you may be required to authenticate yourself with adequate proof of identity.

7.2. Right to Enquire

You have the right to request and obtain information on your personal data that we hold and the purpose for which it is maintained by us.

7.3. Right to Object

You have the right to object to being contacted by us for direct marketing purposes. On receipt of such objection, we will ensure that you are removed from the relevant marketing databases, as applicable. To opt-out from receiving direct marketing communications, please contact us at any time via our Customer Service Team.

7.4. Right to Demand Rectification, Blocking, or Erasure

You may submit an application to request to rectify, block or erase your personal data, as the case may be, if the processing thereof is done in contravention of the provisions of the law, and in particular, if the data is incorrect, incomplete, or not updated, or if the processing thereof is illegal.

7.5. Right to Withdraw Consent

At any time, subsequent to providing consent, you have the right to withdraw the consent provided. Withdrawal of consent will be applicable to future use of the personal data and will not in any way impact legitimate use of the personal information prior to the withdrawal of the consent. Withdrawal of consent to process certain mandatory personal data related to services provided by Ctrl Alt may result in our inability to continue the provision of those services.

7.6. Right to Complain

We are committed to working with you to obtain a fair resolution of any complaint or concern about privacy. If, however, you believe that we have not been able to assist with your complaint or concern, you have the right to make a complaint to the UAE Data Office. You may submit a complaint to the UAE Data Office via their website if you have reason to believe that any violation of the provisions of this privacy law has occurred or that we are processing personal data in contravention of its provisions.

- Individuals also have the right to request the transfer of their personal data and the right to object to automated processing. All such enquiries will be dealt with by the Data Protection Officer.

8. ACCOUNT CLOSURE

Ctrl Alt will, upon a client's request to close their account in accordance with the applicable laws and regulations and in accordance with its User Agreement. The client must not have any outstanding balance due on their account to ensure closure. Ctrl Alt will retain and store a client's account, due diligence, and personal information, and any other recorded information, whether electronically, by telephone, or otherwise for a period of 10 years post-closure. This is done to abide by the regulations set forth by the regulator and to ensure that Ctrl Alt can fulfil any legal obligations that it has to comply with related to the law, fraud prevention, outstanding fee collection, dispute resolution, supporting investigations, and other actions required by the law and to enforce its User Agreement.

9. THIRD-PARTIES

Unless expressed otherwise in this Privacy Policy, this Policy only addresses the use and disclosure of client information provided to and collected by Ctrl Alt. If the client discloses information to other parties, be it partners of Ctrl Alt or other third-parties, different privacy rules pertaining to the use and disclosure of information may apply. Ctrl Alt does not control the privacy policies of third parties and clients will be subjected to such privacy policies where applicable. Ctrl Alt encourages its clients to review and familiarise themselves with the privacy policies of third-parties.

Where the third party is a partner of Ctrl Alt, the following controls have been implemented to ensure they meet both our and the regulators standards both initially and on an ongoing basis.

9.1 Vendor Due Diligence

- **Third-Party Assessments:** We conduct a thorough assessment of all third-party vendors, ensuring they meet UAE data residency requirements and comply with VARA standards.
- **Data Processing Agreements:** All vendors handling personal data sign Data Processing Agreements (DPAs) that stipulate data protection standards, breach notification requirements, and clear definitions of data ownership and responsibilities.

9.2 Ongoing Monitoring of Third-Party Compliance

- **Quarterly Audits:** Regular quarterly audits are conducted on third-party vendors to confirm ongoing compliance with data protection standards.

- **Termination and Exit Clauses:** Contracts with third-party vendors include clauses for data return, deletion, and secure disposal upon contract termination.

10. DIRECT MARKETING

Subject to applicable laws and regulations, Ctrl Alt may from time to time send its clients direct marketing materials promoting its products, services or activities using information collected from clients. Ctrl Alt will provide clients with the opportunity to opt-out of such direct marketing. Ctrl Alt may from time to time request permission from clients to share their personal information with third-parties. Clients may opt-out of having their personal information shared with third-parties and used for any purpose other than the purpose from which the information was originally collected and obtained with client authorization. If a client chooses to limit the use of their personal information, certain features or services provided by Ctrl Alt might not be available to the client.

11. SECURITY

Ctrl Alt follows accepted physical and electronic procedures to safeguard and secure clients' personal and non-personal information. Ctrl Alt uses various security measures such as encryption, firewalls, penetration testing, and access controls to protect clients' information. Ctrl Alt's servers reside in maximum security vaults under 24/7 surveillance.

Additionally, access to information is restricted to authorised employees and third-parties that need to know the information in order to operate, develop, and improve Ctrl Alt's Services. No method of transmission over the internet or method of electronic storage is 100% safe and consequently, Ctrl Alt cannot guarantee its absolute security.

We have put in place procedures to deal with any suspected personal data breach and will notify you and VARA within 24 hours of a data incident affecting personal data.

12. ACCESS MANAGEMENT & AUTHENTICATION

12.1 Role-Based Access Controls (RBAC)

- **Access Control Measures:** Access to personal data is restricted to authorised personnel only, based on specific roles and responsibilities within the Company.
- **Access Levels:** Access levels are assigned based on job function and necessity. Only personnel whose roles require interaction with personal data can access it.
- **Regular Review and Updates:** Access rights are reviewed quarterly to ensure alignment with current roles and responsibilities. Access is promptly

revoked for any employee exiting the organisation or changing roles that no longer require access.

12.2 Multi-Factor Authentication (MFA)

- **Enhanced Security for Access Points:** All access to personal data systems requires multi-factor authentication (MFA) to mitigate unauthorised access risks.
- **Secure Authentication Protocols:** We implement secure authentication methods that adhere to industry standards, including password complexity requirements, periodic password changes, and biometric authentication where applicable.

12.3 Regular Audits

- **Access Audit Log:** Detailed logs of all access attempts are maintained, including successful and unsuccessful attempts. Logs capture user identification, timestamp, and the nature of access.
- **Periodic Access Audits:** Internal and external audits are conducted quarterly to verify compliance with access management protocols. Any anomalies are flagged, reviewed, and resolved promptly.
- **Audit Trail Retention:** Access logs and audit trails are retained for a minimum of five years, as required by VARA regulations.

13. PRIVACY OF MINORS

Ctrl Alt does not allow persons under 21 to register for any service, and we do not knowingly collect personal information from any person under the age of 21. If a user is submitting personal information that is suspected of being younger than 21 years of age, Ctrl Alt will require the user to close his/her account and will not allow the user to continue trading digital assets. We will also take action to delete the account/information as soon as possible. You can get in touch with our Customer Service Team if you know of any individuals under the age of 21 using our services so we can take action to prevent access to our services.

14. COOKIES AND TRACKING

When clients engage with and use Ctrl Alt's products and services, tiny data files called cookies or other tracking tools (herein, "Cookies") may be placed on your computer or devices. Ctrl Alt may use cookies to help identify a client, remember their preferences, better customise services and content for them, and to collect information about their computer or access devices to ensure compliance with AML and other obligations.

Certain features of Our Site depend on Cookies to function. Cookie Law deems these Cookies to be "strictly necessary". Your consent will not be sought to place these Cookies, but it is still important that you are aware of them. You may still block these Cookies by changing your internet browser's settings as detailed

below, but please be aware that Our Site may not work properly if you do so. We have taken great care to ensure that your privacy is not at risk by allowing them.

Clients can reject cookies and still use Ctrl Alt, but that may restrict their usage of Ctrl Alt's platform. The use of cookies by Ctrl Alt's partners and third-parties is not covered by Ctrl Alt's Privacy Policy.

15. DISPUTES AND LEGAL PROCEEDINGS

Ctrl Alt may need to use clients' personal information to investigate issues and settle disputes with clients in a timely and orderly manner. In the case where an amicable resolution can be reached between Ctrl Alt and a client, Ctrl Alt will cooperate with the regulator and other relevant authorities to resolve issues related to the use or disclosure of client information under the laws of the UAE. Any dispute or claim arising out of or relating to Ctrl Alt's Privacy Policy shall be settled pursuant to the terms and conditions.

16. PRIVACY WHEN USING DIGITAL ASSETS

The digital assets offered by Ctrl Alt are recorded on public blockchains, which are decentralised and transparent distributed ledgers designed to immutably record transactions. As a result, digital assets on these networks are not anonymous, and Ctrl Alt is unable to erase, modify, or alter personal data once recorded on the blockchain.

While public blockchains ensure the integrity and transparency of transactions, they also make transaction histories accessible to others. Through the use of third-party forensic and analytical tools, individuals or entities may be able to analyse the transaction history of digital assets and potentially gather non-personal information associated with those assets.

To safeguard client privacy, Ctrl Alt adheres to strict data protection practices, ensuring that personal data under its control is handled with the highest level of security. However, it is important to note that due to the inherent nature of public blockchains, some transactional data, though non-personal, may remain visible and accessible within the decentralised network. Ctrl Alt implements strong security measures to safeguard personal data within its control, such as any information provided during the onboarding process or while using the platform. However, it is important to understand that Ctrl Alt does not control the blockchain network itself and is limited in its ability to protect information once it is recorded on a public ledger.

17. CROSS BORDER DATA TRANSFERS

17.1 UAE Data Residency

- **In-Country Storage:** As mandated by VARA, all personal data is stored within the UAE unless a business requirement for cross-border transfer exists and aligns with regulatory standards.

17.2 Cross-Border Data Transfer Compliance

- **Assessment of International Standards:** For any cross-border data transfer, we ensure that the receiving jurisdiction provides an adequate level of data protection in line with UAE standards or equivalent international regulations, such as the GDPR.
- **Data Transfer Agreements:** Standard contractual clauses or binding corporate rules are implemented for cross-border data transfers to protect data rights and maintain compliance with international data protection standards.
- **Regular Review of Transfer Mechanisms:** We periodically review and assess the adequacy of our cross-border transfer protocols, taking into account any regulatory updates or changes in international data protection standards.

18. COMPLIANCE MONITORING & DATA PROTECTION PRACTISES

18.1 Compliance Programs

- **Comprehensive Compliance Program:** Our Compliance Team ensures that all data protection practices align with VARA's regulations including records of processing activity and any required impact assessments, UAE data protection laws, and international standards. This program is continuously updated to reflect changes in regulatory requirements.
- **Employee Training:** All employees undergo mandatory data privacy and security training annually, which includes updates on new policies and procedures.

18.2 Monitoring and Compliance Reviews

- **Continuous Monitoring:** We employ automated tools and manual checks to monitor data protection practices, with immediate reporting of any potential risks or non-compliance to the Data Protection Officer (DPO).
- **Periodic Reviews:** Policies and practices are reviewed bi-annually to ensure continued alignment with VARA requirements and other applicable regulations. Review findings are reported to senior management and form the basis for any necessary adjustments to our practices.

18.3 Incident Response and Breach Notification

- **Data Breach Policy:** We have an established Data Breach Response Plan (see appendix I for details), which includes immediate containment,

investigation, and reporting procedures to VARA within mandated timelines.

- **Root Cause Analysis:** Post-incident analysis is conducted to identify root causes, implement remediation, and prevent future occurrences.
